Senior Portraits

PHOTOGRAPHY
Let May

Beyond **Belief**

At LeMay Photography we have the best time with our seniors. They are truly 21st century citizens and we strive to serve them by providing the most creative portraiture possible. Inside or outside just let us work with you to make your once in a lifetime senior portrait session the best experience ever.

Outdoors at the River Market or in the park.

lots of great backgrounds and props.

*Black and
White
No
Problem*

Your portraits are presented in our studio theater. Seeing your portraits at the sizes you are interested in is the best way to review your photographs. This method allows us to look at the portraits with great detail so if we see any flaws, we can fix them. Next day or even same day viewing is possible.

So now what do I do?

Proper planning is very important for a successful portrait session.

What kind of clothes do I bring?

- The Studio will provide drapes and caps and gowns, we also have a tuxedo for the guys. Suggestions for casual wear are: slack outfits, shorts outfits, sweaters, sportswear, letter jackets, cheerleading outfits, etc. Suggestions for more formal wear are coat and tie, Sunday dress, skirts and sweaters, etc. * Sleeved clothing works the best. *Strapless or spaghetti straps do not photograph well.

Please keep in mind these are Portraits. Clean and neatly pressed clothing is a must!

May I choose what kind of session I would like to have?

- Yes! You may customize your session. Seniors show us photos they like all the time. They cut them out of magazines and grab them online and then share them with me on their phone. We welcome your thoughts and ideas. When you arrive for your session, do not hesitate to ask questions or offer suggestions on how you would like your portrait session to go. Bring a pet, tennis racket, football, favorite stuffed animal, skis, telephone, fishing pole, hunting outfit, etc; anything that would help tell a story about who you are. Don't forget items such as jewelry, hats, shoes, belts, gloves, coats, wraps, hosiery, and feathers. Our staff looks forward to making this a memorable time in your Senior Year.

- Relax and have fun with your photo shoot! Play to the camera and give your photographer something fun to shoot. Not only will your session go faster, but the end results will be much better. **Enjoy yourself!**

- Do you know of an old building with lots of character; is there an old bridge you like? These can provide you with a unique setting for your Senior Portraits.

Hair and Makeup

- Your hair and makeup should be done before you get here, but bring along extra in case you need touch-ups. Soft, blended eye makeup and a medium shade lipstick photograph better than dramatic or dark makeup. Even if you don't normally wear makeup, some liquid foundation is recommended. Facial powder, mascara and lipstick are essential! If you are doing high contrast black-and-white, darker makeup is appropriate. Don't forget your fingers & toes! Be sure you don't have chipped or worn nail polish.

- **Don't forget your Senior Ring!**
